AUTOMATIC CHRONOGRAPH CALIBER 11

SPARE PARTS OF MOVEMENT

100	Plate with Incabloc	440	Yoke spring
105	Barrel bridge	443	Setting lever
110	Train wheel bridge	445	Setting lever spring
121/3	Balance cock for stud holder and shock-protecting device	450	Double setting wheel
125	Pallet cock	453	Additional setting wheel
145	Dial rest	462	Minute work cock
163/1	Center stud	469	Hour wheel guard
166	Casing clamp	523	Setting wheel spring
180/1	Barrel, complete	705	Escape wheel
195	Barrel arbor	710	Pallet fork
200/1	Large driving wheel with cannon pinion	714	Pallet staff
210	Third wheel	721	Balance with hairspring
225	Fourth wheel	724	Balance staff
243	Cannon pinion without clam notch	730	Roller
260	Minute wheel	1141	Lower bridge for automatic device
307/1	Regulator	1142	Upper bridge for automatic device
324	Incabloc upper	1143/1	Oscillating weight (with axel and bridge)
325	Incabloc lower	1428	Stop click
364	Stud holder	1480	Winding-up wheel
368	Eccentric for stud holder	1481	Reduction gear
401	Winding stem (Carrera)	1482	Driving gear for ratchet wheel
401/1	Winding stem (Autavia)	1500	Wig-wag pinion
404	Winding stem (Monaco)	1521	Coupling wheel
407	Clutch wheel	2535	Date indicator guard
410	Winding pinion	2543	Intermediate date wheel
415	Ratchet wheel	2548	Setting wheel for date indicator wheel
417	Intermediate ratchet wheel	2556/1	Date indicator driving wheel
420	Crown wheel core	2557/1	Date indicator transferred
423	Intermediate Crown wheel	2558	Double-toothing hour wheel
424	Intermediate Crown wheel	2575	Date jumper spring
425	Click	2576	Date jumper
430	Click spring	8060	Driving wheel
435	Yoke		

SCREWS OF MOVEMENT

5110	} Train wheel bridge screw Balance cock screw Screw for intermediate crown wheel Screw for upper automatic bridge Pallet cock screw Screw for minute work cock Screw for oscillating weight bridge Screw for lower automatic bridge Casing clamp screw	5415	Ratchet wheel screw
5121/3		5417	Intermediate ratchet wheel screw
5424		5420	Crown wheel screw
51142		5425	Click screw
5125		5443	Setting lever screw
5462		5445	Screw for setting lever spring
51131		5738	Hairspring stud screw
51141		5750	Dial screw
5166		52535	Screw for date indicator guard

SPARE PARTS OF CHRONOGRAPH

8000	Chronograph runner, mounted	8323	Coupling clutch spring for oscillating pinion
8020	Minute-recording runner	8325	Sliding gear spring
8079/1	Coupling clutch, mounted	8335	> Operating- and fly-back lever spring
8086	Oscillating pinion	8340	
8100	Sliding gear, mounted	8356	Hammer cam jumper
8105	Sliding gear bridge	8500	Chronograph bridge
8139	Operating lever	8601	Hour-recording wheel
8146	Reverser	8620	Hour recorder bridge
8180	Fly-back lever (zero action)	8631	Connecting wheel for hour recorder
8200	Blocking lever	8680	Hour hammer
8220	Hammer, mounted	8700	Disconnecting-lever
8270	Minute- and hour-recording jumper	8705	Hour-recording jumper
8271	Rest for minute-recording jumper (thin)	8707	Rest for hour-recording jumper (thick)
8281	Plate for chronograph mechanism	8730	Hour hammer spring
8290	Friction spring for chronograph runner		

SCREWS OF CHRONOGRAPH

58079/1	} Coupling clutch screw Operating lever screw Hour hammer screw Sliding gear screw Hammer screw Screw for sliding gear bridge Fly-back lever screw Blocking lever screw	58270	} Minute-recording jumper screw Screw for hammer cam jumper Chronograph bridge screw Screw for hour recorder bridge Screw for plate of chronograph mechanism Friction spring screw Hour-recording jumper screw
58139		58356	
58680		58500	
58100		58620	
58220		58281	
58105		58290	
58180		58705	
58100			
58200			

8000/30 Chronograph runner with 2 fingers
Caliber 15 "SKIPPER" ref. 15640

100	Plate
105	Barrel bridge
110	Train wheel bridge
121/3	Balance cock
125	Balance complete
180/1	Barrel complete with mainspring
225	Fourth wheel
255	Escape wheel
705	Balance complete
8500	Chronograph bridge

Other spare-parts are identical to cal. 11

Caliber 15

100	Plate
145	Dial rest
163/1	Center pipe
243	Canon pinion without clam notch
251	"24 hour" hour wheel
260	Minute wheel
2535	Date indicator guard
2557/1	Date indicator
2558	Double-toothing hour wheel
8000	Chronograph runner mounted
8020	Minute recording runner mounted
8500	Chronograph bridge
8601	Hour recording wheel

Other spare-parts are identical to cal. 12

Caliber 14

100	Werkplatte
145	Zifferblatt-Stütze
163/1	Zentrumlagerrohr
243	Minutenrohr, glatt
251	"24 Stunden" Stundenrad
260	Wechselrad
2535	Halteplatte für Datumanzeiger
2557/1	Datumanzeiger mit Druckbild
8000	Chrono-Zentrumrad montiert
8020	Minutenzählrad montiert
8500	Chrono-Brücke
8601	Stundenzählrad

Die anderen Bestandteile sind gleich wie Kal. 12

Caliber 14

100	Werkplatte
145	Support de cadran
163/1	tube de centre
243	chassée non lancée
251	Roue des heures "24 heures"
260	Roue de minuterie
2535	Plaque de maintien de l'indicateur de quantité
2557/1	Indicateur de quantité
2558	Roue des heures double denture
8000	Mobile de chronographe
8020	Mobile complet de minute
8500	Pont de chronographe
8601	Roue du compteur d'heure

Les autres fournitures sont identiques au cal. 12

Caliber 12

100	Werkplatte
105	Federhausbrücke
110	Räderwerkbrücke
121/3	Unruhklöben
125	Ankerklöben
462	Wechselradbrücke
1141	Untere Brücke für Automatorrichtung
1142	Obere Brücke für Automatorrichtung
1143/1	Schwingmassabrücke
2535	Halteplatte für Datumanzeiger
8281	Platte für Chronomechanismus
8500	Chrono-Brücke
8620	Stundenzähler-Brücke

Die anderen Bestandteile sind gleich wie Kal. 11

Caliber 11

180/1	Federhaus vollständig mit Feder
721	Unruh mit Flachspritale
2556/1	Datumanzeiger Mitnehmerad montiert
2575	Feder für Datumspere
2718	Stift für 2556/1 (Ø 0.6 mm)

Die Ref. 2543 und 2548 besteht nicht mehr.

Caliber 11

100	Plate
105	Barrel bridge
110	Train wheel bridge
121/3	Balance cock
125	Balance complete
180/1	Barrel complete with mainspring
225	Fourth wheel
705	Escape wheel
721	Balance complete
2556/1	Date indicator driving wheel
2575	Date jumper spring
2718	Stud for 2556/1 (Ø 0.6 mm)

Other spare-parts are identical to cal. 11

Caliber 12

100	Plate
105	Barrel bridge
110	Train wheel bridge
121/3	Balance cock
125	Balance complete
180/1	Barrel complete with mainspring
225	Fourth wheel
705	Escape wheel
721	Balance complete
8500	Chronograph bridge

Other spare-parts are identical to cal. 11

Caliber 15

100	Coq
121/3	Roue de seconde
307/1	Raquette pour porte piston mobile
370	Kif-Ultraflex; dessus
371	Kif-Ultraflex; dessous
374/1	Porte-spiral monté
462	Pont de rouage de minuterie
721	Balancier complet
2535	Plaque de maintien de l'indicateur de quantité
2575	Ressort sautoir de quantité
8100	Baladeur monté
8500	Pont de chronographe

Les autres fournitures sont identiques au cal. 12, mais sans les pièces du compteur d'heure.

Caliber 15

100	Platine
145	Support de cadran
163/1	tube de centre
243	chassée non lancée
251	Roue des heures "24 heures"
260	Roue de minuterie
2535	Plaque de maintien de l'indicateur de quantité
2557/1	Indicateur de quantité
2558	Roue des heures double denture
8000	Mobile de chronographe
8020	Mobile complet de minute
8500	Pont de chronographe
8601	Roue du compteur d'heure

Les autres fournitures sont identiques au cal. 12

Caliber 12

100	Platine
105	Pont de barillet
110	Pont de rouage
121/3	Coq
125	Pont d'ancree
462	Pont du rouage de minuterie
1141	Pont inférieur du dispositif automatique
1142	Pont supérieur du dispositif automatique
1143	Pont de la masse oscillante
2535	Plaque de maintien de l'indicateur de quantité
8281	Planche du mécanisme de chronographe
8500	Pont de chronographe
8620	Pont du compteur d'heures

Les autres fournitures sont identiques au cal. 11

Caliber 11

180/1	Barillet avec ressort
721	Balancier complet
2556/1	Roue entraîneuse de quantité montée
2575	Ressort sautoir de quantité
2718	Tenon pour 2556/1 (Ø 0.6 mm)

Les Ref. 2543 et 2548 sont supprimées
